April is Community Banking Month!

Community banks are the safest, soundest and most secure financial institutions in our nation. Community banks are common sense lenders that follow responsible business practices; are risk averse; and work every day to support their customers, communities and local markets. Tell us what you love about your community bank by emailing silverwings@fnbhenning.com or stop in to speak with one of your local bankers.

Watch your local papers and for more details on fun events and more!
